

Checklist of registration form			
This checklist contains of tests for registration form			
	Passed		
	Failed		
	Need to clarification requirements		
№	Item	Status	Comment
Positives tests			
	Registration		
	Registration with correct data	passed	
	User registration with correct data, checkbox «I agree to the Terms & Conditions of this service» is not selected	passed	
	User registration if user already logged in	failed	
	Data match		
	User registration who is already registered, all data match	passed	
	User registration with phone number which is already registered	passed	
	User registration with email which is already registered	passed	
	User registration with first name which is already registered	passed	
	User registration with last name which is already registered	passed	
	User registration with password which is already registered	passed	
	First name field		
	Minumum name length is 1	passed	
	Maximun name length is 128	passed	
	Double name with spaces	passed	
	Double name with hyphen	passed	
	Arabic name	passed	
	Last name field		
	Minumum name length is 1	passed	
	Maximun name length is 128	passed	
	Double name with spaces	passed	
	Double name with hyphen	passed	
	Arabic name	passed	
	Dialling code field		
	Code contains of -	failed	check requirements
	Code contains of one number	passed	
	Code contains of two numbers	passed	
	Code contains of three numbers	passed	
	Code contains of four numbers	failed	
	Code contains of seven numbers	failed	
	Phone Number field		
	Minimum number length contains of 4 digits	passed	
	Maximum number length contains contains of 128 digits	passed	
	Email field		
	Name contains of dot	passed	
	Name conains of hyphen	passed	
	Name conains of underscore characters	passed	

	Name of e-mail contains of 64 letters	passed	
	Domain contains of second level (example@domain.com)	passed	
	Domain contains of third level (example@domain.domain.com)	passed	
Password field			
	Password length is 1	passed	
	Pssword length is 128	passed	
	Passord contains of latin text with numbers, specials symbols, upper and lower cases	passed	
Invite code field			
	Correct invite code	passed	
Negatives tests			
First name field			
	Empty	failed	
	Name length is 129	passed	
	Text with spaces	passed	
	Uppercase	passed	
	Lowercase	passed	
	Spaces	failed	
	Special symbols	failed	
	Arabic alphabet	passed	check requirements
	Numbers	passed	
	null	passed	
	0	passed	
Last name field			
	Empty	failed	
	Name length = 129	passed	
	Uppercase	passed	
	Lowercase	passed	
	Text with spaces	passed	
	Only spaces	failed	
	Special symbols	passed	check requirements
	Arabic alphabet	passed	check requirements
	Numbers	passed	
	null	passed	
	0	passed	
Phone Number field			
	Number length contains of 3 digits	passed	
	Number length contains of 129 digits	passed	
	Number contains of hyphen	passed	
	Number with spaces	passed	
	Empty	passed	
	Spaces	passed	
	Text	passed	
	Special symbols	passed	
	null	passed	
	0	passed	
Email field			
	E-mail without @	passed	
	E-mail contains of two @	passed	

	Name contains only uppercase	passed	
	Name contains only one letter	passed	
	Name is empty	passed	
	Name contains 65 letters	passed	
	Name contains text with spaces	passed	check requirements
	Name starts with a dot	passed	
	Name ends with a dot	passed	
	Name contains only numbers	passed	
	Name contains only special symbols	failed	
	Domain is empty	passed	
	Domain of e-mail contains first level (example@domain)	failed	
	Domain contains 63 letters	passed	
	Domain contains 64 letters	passed
